## ENTERED INTO MANUFACTURING OF POLYESTER YARN FROM RECYCLED FIBER

Sybly Industries Limited, a manufacturer of polyester yarn has recently successfully ventured into using recycled polyester fiber for manufacturing of polyester yarn.

Looking into the future of this product company intends to launch it's own brand of quality polyester yarn made from recycled polyester fiber.

Recycled polyester yarn is not only cost effective, matching quality but it is environment friendly too. Big giants like ADIDAS, NIKE, & LEVI'S have already started sourcing from India products made of recycled polyester yarn. Giving boost to this product eminent personality like Emma Watson wore gown made of RPY at a GALA Dinner 2016. RCB team wore jerseys made of 100% RPY in recent IPL matches.

Manufacturing Polyester Yarn from Recycled Fiber may increase margins upto 10% in comparison to the use of fresh fiber. SYBLY is looking forward to make best of this opportunity.

Thanking you,

Yours faithfully,

For SYBLY INDUSTRIES LIMITED
